Fed Reference: 20200630B6B7HU1R020266

this is the wire transfer reference number please confirm that you have received the funds.

Per section 1-14-16 the \$3,400 is per Precinct Board not per precinct, there's one precinct board per county. We have the order from 2018 Bob Walsh recount that cites that section in the order to recount of all precincts within the eight designated counties.

We'll be selecting the counties shortly if your office is unable to get a clerical correction for the non-count of the absentee ballots.

The wire transfer was initiated yesterday However it can't arrive the same day when it started so late due to a lack of wire instructions.

Please call me on the phone 505-690-5008. We've identified a systematic error with a reporting from the machines used to tabulate late absentee ballots with write on ballots.

The Los Alamos county clerk and I have discussed this and we have evidence from the bernalillo county clerk that exactly the same error happened.

We would like to resolve this without the formality of recounts and lawsuits. This is simply a matter of a data entry error.

Good Morning:

I am writing to confirm if the deposit was made yesterday to move forward with the recount for the 182 precincts listed below?

Thank you,

Alicia

Subject: [EXT] Fwd: Send this to SoS

You failed to provide wiring instructions until 4:58 pm today.

See below communication from Mr Curti's campaign.

To: Secretary of State:

The Los Alamos Clerk's office indicated that the discrepancy between the certified County canvas and that submitted to the State Canvassing Board was due to the use of the ICC machines to count absentee ballots. I believe that both Bernalillo and Dona Ana county use those same machines, and may have made a similar error.

We have still not received wire or bond deposit instructions from your office.

We intend to recount the below precincts.

Stephen P Curtis.
